			TOTAL (Excl. Tax):	**1,000 KG**	**86,000.00**
			CGST + SGST (+18%):		15,480.00
			GRAND TOTAL:		**1,01,480.00**

■ TERMS & CONDITIONS

• **Freight Charges:** Extra as applicable (To be charged dynamically at actuals based on the dispatch timeline).

• **Quality Standard:** All electrodes must be delivered strictly in standard, completely sealed, moisture-proof company packaging to prevent atmospheric damage.

• **Documentation:** Batch-wise Manufacturer Test Certificates (MTC) outlining detailed chemical and physical mechanical properties must accompany the vehicle dispatch tracking payload.

• **Inspection & Rejection:** Any structural dampness, visible rust on core wire heads, or broken coating packets discovered during site unboxing inspections will face complete line-item rejection.

• **Project Alignment:** Sourced items are assigned explicitly to support formwork deployments across 16 scheduled Railway Over Bridges (ROBs).
